Mrs Lauren Moore BMus(hons) LTCL Dip. PS

Headteacher's message

It was a real pleasure to join Chestnut class and their parents at the end of their assessment week. They all worked so hard, they deserved the biscuits and cake pops and I enjoyed decorating (and eating) my own biscuit too! It was great to see so many parents coming in to the school last week for our Joining In afternoon, there was a real variety of activities for parents and children to work on together.

We have some exciting school trips coming up between now and the summer to enrich children's learning, as well as transition days

on the 12th and 13th of July for children to spend some time with their new teacher. We will also welcome the new children into Rowan class on those days for their first time at school.

Next week we are looking forward to exploring aspects of our partner Diocese in Tanzania by learning all about Kagera. Mrs Moore

Dojo

If you are not registered for Class Dojo, please talk to your child's teacher so you don't miss out!

Safeguarding

The Designated safeguarding lead is Mrs Moore. Alternate is Mr Souter. Safeguarding Governor: Mrs Howe

Website

We have worked hard to get our website looking good and up to date - please go to www.honington.edublogs.org

1

DON'T FORGET

Monday, 27th June
Parents Drop in session
with the School nurse,
2.30-3.15.

2

DON'T FORGET

Non-uniform day is
Monday 20th June, please
send your child in with
min. £1 donation.

3

DON'T FORGET

14th July will be this
year's sports day.

News from the Classes

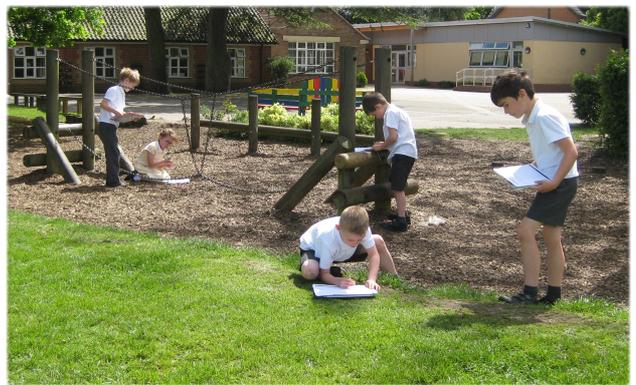

Its been another busy week at school:

Willow class made beautiful floral arrangements for Euston Church Flower Festival.

Beech class have been learning about the effect of levers and pulleys on effort. They discovered that a simple pulley halves the amount of effort required to lift an object, but you have to pull the string twice as far. Energy used is equal, effort seems to be halved. Physics!

Rowan class have been doing lots of Gruffalo themed activities ahead of their school trip on Wednesday. They have made Gruffalo crumble, moved like each of the creatures from the story in PE and even imagined what the Gruffalo was thinking in literacy. They are excited about visiting the Theatre Royal to see the Gruffalo's Child.

Chestnut class have been learning about the story of Icarus and made wings with their parents on joining in afternoon. They have also been studying micro habitats as part of their Science work.

Caution!

It is dangerous to let your children run into the school car park unattended. The car park is in use throughout the day.

THE FRIENDS OF HONINGTON SCHOOL

Our Summer Fair is on 9th July 11-2pm. Anyone who would like to help please contact me at fofh25@yahoo.com.

Thanks for supporting the Car Boot we made £140. We will possibly do another one later in the year. By raising this money, we were able to subsidise the theatre trip for Rowan Oak and Chestnut classes to see The Gruffalo's Child. Thanks for your support! Ali

A message from the Junior Road Safety Officers

The JRSO teams latest investigation was to look at speeding vehicles on the main road and parking outside the school.

Darci and I had an awesome time with the policeman as we got to use the speed gun.

With the speed gun we had to look through the hole and point the lens, while holding a button down, at the registration number. Then we looked at the screen to see what the speed was. Near the end of the day we saw how people parked if they parked well we gave them a green ticket, if they did ok we gave them an orange ticket and if they parked dangerously we gave them a red ticket. Luckily we didn't give any

one a red ticket but we did have to give some people an orange ticket.

So next time please make sure you park considerably.

Thank you

Darci and Kayleigh

(JRSO)

(Reminder - you are not to park close to either of the junctions, this makes it dangerous for cars turning in, and those leaving, as they are left with poor visibility and nowhere to go if they come face-to-face).
